

## **Welcome to Central Penn Skeet League 2018.**

Hello, on behalf of Andy Trayer and myself as your CPSL President and Secretary/Treasurer, we welcome you all to another year of winter skeet.

As in years past, we will continue with an (8) shoot season, with three shoots each held at two Clubs with the 3<sup>rd</sup> Club holding two shoots and the banquet. This year Cocalico and York-Adams will hold (3) shoots each and Carlisle will hold (2) shoots and the banquet. The 2018 schedule is attached.

The entry fee for 2018 remain at \$25 for Adults and the Junior fee will remain at \$10. We will continue the Optional Lewis Class Purse, with the fee of \$5.00 per shooter. The number of classes will be based upon five scores per class and could be altered due to lack of shooters, (1) winner per class, and in the case of ties within the class, (2) winners will be determined by long run, equally dividing the class prize money. All prize money will be a credit to be used at an upcoming shoot; unused credit will be paid at the end of the season.

We will continue with a Ducks Unlimited prize drawing at each shoot to defray the awards and banquet costs. Please join me in thanking Doug Shade who is donating all DU raffle prizes this year from his personal inventory.

In addition to the Team, High Overall and Runner-up awards, we will have individual prizes awarded to HOA in Classes AA, A, B, C, D, & E. Your season ending class will be based upon your best (600) targets averaged and classed from the NSSA 12 Gauge Classification table.

We will continue with eliminating Sunday 9:00am and 3:00pm squadding. This can be modified only by the host club due to weather related issues.

Have a great holiday and hunting season as we look forward to seeing everyone and hopefully some new shooters @ Cocalico on January 6-7. **Please forward this to anyone I may have missed; I am creating a new mailing list for 2018.**

### Central Pennsylvania Skeet League 2018 Rules

Shoots are scored as (2) 50 target shoots and may be shot over one or both days of the weekend, schedule permitting. There will be no make-ups or shooting ahead. (800) total targets can be shot with the best (600) targets counting for your individual score. You must shoot a minimum of (600) targets to be eligible for

individual or team awards. (600) targets earn you two tickets while (500) targets earn you one ticket to the season ending banquet.

The top (5) highest individual scores of each Club/Team at each shoot will count as the Club/Team score. Club/Team scores will be cumulative throughout the season to count as the Club/Team final score to determine the League Champion.

If necessary to determine a Club/Team score for any particular shoot, Blind Scores will be used and will be the lowest score of any League shooter at that shoot.

Individual awards for HOA in Class AA, A, B, C, D, & E, with your season ending Class based upon your best (600) targets averaged and classed from the NSSA 12 Gauge Classification table.

Pre-squadding is required, but walk-ons can be added to open spots if available. However, the host club is not required to remain open for walk-ons after the last pre-scheduled squad of the day is finished. Please call the club representative or clubhouse for availability if you have not pre-squadded. Remember, the Sunday 9:00am and 3:00pm squadding has been ELIMINATED.

Field assignments are determined and subject to change by club management in the best interest of efficient operation, not subject to preference of the shooters. For inclement weather questions contact the club representative or clubhouse. Once the first squad begins shooting on either day, that entire day is considered official and all scores shot will be recorded. If no squad begins on a day due to bad weather, then it is officially postponed. The host club will schedule a make-up date, before the next shoot, for only those shooters who were originally pre-squadded for the postponed day. No other shooters can shoot the make-up day.

**NSSA rules will be followed and enforced, including mandatory eye and ear protection.**
